

# Product Carbon Footprint Declaration

Green Target has calculated the carbon footprint of the following product (in accordance with ISO 14067:2018).

The calculations were done using OpenLCA software V2.0 and data from Ecoinvent database V3.8.0 (both in accordance with ISO 14040).

**Company:** *PLASSON Ltd.*

**Product name:** *165409125025*

**Product information:** *TAPPER FOR PE+PVC PIPE 125X25*

**Functional unit:** *One unit of 165409125025 (1.2 kg)*

**System boundaries:** *Cradle to gate*

**Data source:** *Operational (PLASSON manufacturing site, Israel)*

**Time representativeness:** *operational data – 2022*

**Third-party verification:** *N/A*

**Exceptions\ Comments:** *100% of the product's mass was taken into account in the CFP calculation (i.e. 0% cut off criteria).*

*Cut off approach was used for waste modeling (i.e. recycled materials in use entered system boundaries load free).*

**Product's Carbon Footprint: *5.33 kg CO<sub>2</sub>eq***

Study performed by: *Adva Pery, Environmental engineer*
